

Zehnder Charleston Plinth

Hydronic operation

Product data sheet

Zehnder Charleston Plinth

Zehnder Charleston Plinth is an electric, oil-filled classic column radiator available in 2 sizes ideal for installation in loft conversions. The complementary Zehnder Charleston Plinth low level model is perfectly suited to conservatories and in front of low-level windows.

- Energy-efficient and comfortable heating with innovative “open window detection”
- High energy efficiency due to compliance with the European Ecodesign Directive reduces energy costs
- Low energy consumption of only 0.5 W in stand-by mode for increased energy efficiency
- User-friendly control device allows simple operation
- Customisable daily and weekly programmes for convenient, on-demand operation
- Increased safety with keylock
- Flexible control options: control device for wall mounting or base
- Timer function for on-demand operation
